

APCC Global BRIDGE Partnership 2018

Concept and Ideas

Background

- Since its 20th Anniversary, APCC has been evolving from an 'International exchange' program to an 'Exchange-based educational program to nurture global citizens.'
- From the 25th to the 30th Anniversary, while promoting the APCC Vision under a strategic plan named "NEXT APCC," APCC attempted to expand the scale of nurturing "Global BRIDGE Leaders" and to accelerate the cultivation of global citizens with "OMOIYARI" spirit.
- Upon reaching its 30th anniversary, APCC announced that it would take a new step forward to apply the resources and know-how accumulated over the past 30 years, while looking toward 50 and even 100 more years. APCC will add new features to the programs and provide even further support for their participants to grow as OMOIYARI global citizens.

APCC Vision

We, as members of APCC, will become global citizens with an "OMOIYARI" spirit, creating a more peaceful world where the smiles of children abound.

APCC Slogan

We are the BRIDGE

We connect dreams around the world

Objective

Strengthen cooperation between Liaison Offices, BRIDGE CLUBs and APCC in order to focus and apply their dedication to the APCC Vision, to work together to develop the **BRIDGE KIDS PROGRAMS**, and to strive toward the 50th APCC and beyond.

BRIDGE KIDS PROGRAMS

Children who connect the present with the future. Adults with youthful hearts.

We are all KIDS of Mother Earth.

So the APCC's novel programs — "BRIDGE KIDS PROGRAMS" — that connect people and their hearts through "exchange" and "communication," belong to us all.

Packed with wonders to develop your future self.

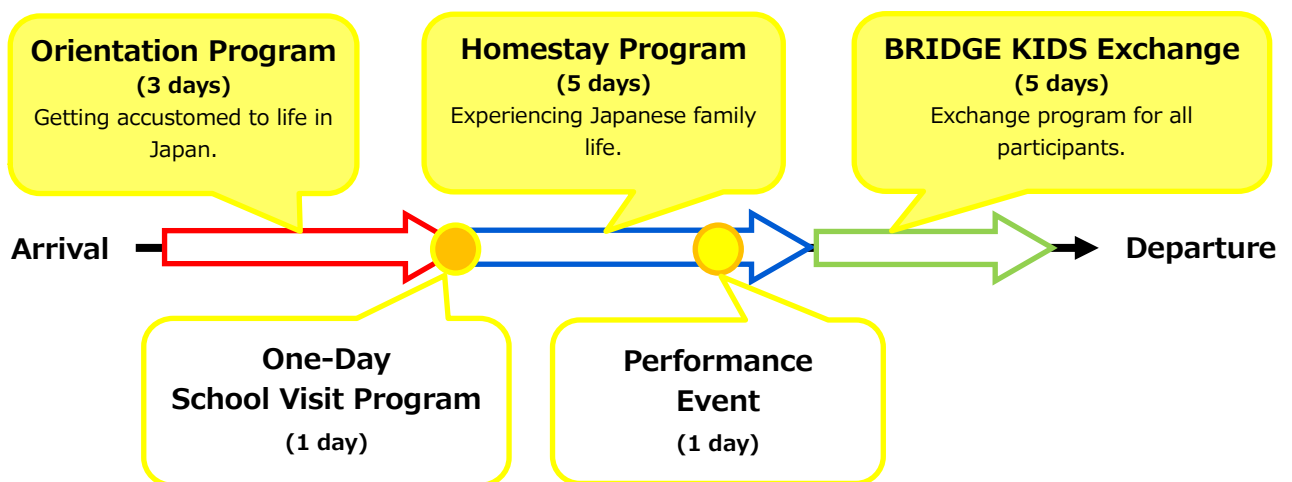

With this philosophy and under the new name, "**BRIDGE KIDS PROGRAMS**," APCC offers two main international exchange programs, an invitational program called "**BRIDGE Summer Camp**" and a dispatching program called "**BRIDGE Challenge Trip**" for the children of Fukuoka as well as for those around the world.

BRIDGE Summer Camp

BRIDGE Summer Camp, formally known as the APCC Invitation Project, is a large-scale international exchange program for children.

Every summer, 11-year-old Junior Ambassadors and chaperons from all over the world gather in Fukuoka to take part in a fortnight-long exchange program with the citizens of Fukuoka, including children.

BRIDGE Summer Camp consists of three main programs. The goal is to expand the exchange-focused components so that a greater number of children from Fukuoka can participate.

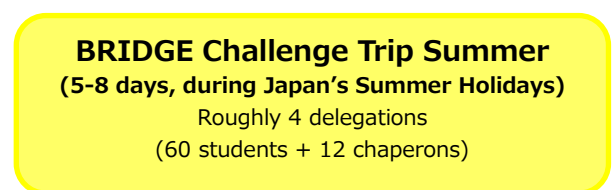

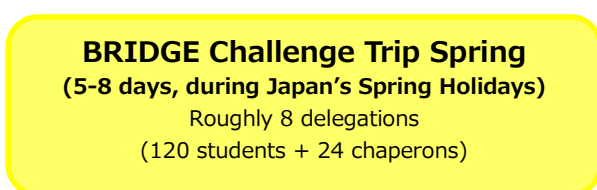

BRIDGE Challenge Trip

Every spring, Japanese students (10 to 18 years old) visit foreign countries/ regions to experience an overseas homestay and cross-cultural interaction with the local people.

Each delegation includes 15 students and 3 volunteer chaperons. The delegation members bond with each other during pre-departure training that builds firm relationships and enables them to support each other throughout their time abroad.

Beginning in 2019, APCC will expand this program by offering it in the summer as well, every other year, with the goal of providing broader learning opportunities to the children of Fukuoka as well as to the people in hosting countries/regions.

Departure → Arrival
